

Ready to return to MBKF safely?

The MBKF Team has implemented a number of COVID-19 related health and safety measures to help mitigate the risk of exposure and help facilitate a safe MBKF experience as we welcome folks back. These policies are current and reflective of the COVID-19 situation as of today but could be modified at any time.

- General Guidelines:
 - We urge everyone attending to adhere to the COVID-19 recommendations of the Centers for Disease Control (CDC), which include getting vaccinated.
 - Per CDC recommendations, all event attendees are strongly encouraged to wear masks in indoor spaces, regardless of vaccination status.
 - We recommend attendees get tested no more than 3 days before arrival to MBKF.
- Eden Roc Stay:
 - The Eden Roc is preparing for your stay with comfort and safety in mind. They are committed to the following:
 - All linens sanitized in high-temperature wash
 - Hand sanitizer available to guests & staff
 - Regularly sanitized high-traffic areas
 - Staff required to regularly wash hands
 - Contactless check-out
- MBKF Experience:
 - Registration:
 - We will be conducting temperature screenings at registration upon wristband pick-up.
 - MBKF is now completely cashless to reduce contact.
 - Indoor Events:
 - To provide more space for indoor dancing, we have shifted our indoor events to a bigger ballroom that allows for more square footage for our attendees.

If you feel sick or are experiencing symptoms of COVID, please stay home. If you are not able to attend MBKF 2021 due to these reasons, we recommend you [transfer your pass](#) to another attendee or roll over your pass to 2022 by [emailing us](#). **Wednesday, August 25th is the final date you are allowed to transfer or roll over your pass.**

The MBKF Team is grateful for the loyalty and support that our community has shown us over the past years, and we're eager to see many of you in person soon. Thank you for trusting in us as we work to safely deliver the timeless and vibrant MBKF experience you know.
